Our thoughtful and caring qualified nursing professionals are on-hand during each trip for assistance if needed.

HOSPITAL TRANSPORT

Clever Care NOW provides a reliable, safe and flexible service to transport people to and from hospital pre admissions and following discharge.

If needed, our home nursing team is available to provide continuity of care at home during recovery.

Upon discharge we can offer six weeks post acute nursing care without charge. We also offer nursing care through approved Aged Care Package providers and to private patients.

MEDICAL APPOINTMENTS

Our nurses can liaise with doctors, specialists and health provider clinics to ensure ample time is scheduled to arrive at appointments on time.

The door to door service allows travel to and from home, aged care facilities or nursing homes to the chosen health professionals.

EVENTS & FUNCTIONS

We provide the best possible level of care to help elderly or wheelchair bound loved ones attend special occasions such as weddings, birthdays, funerals and special events.

Weddings

There are many things that make a wedding special and none more so than having a grandparent, elderly or wheelchair bound loved one with you on the day.

We can transport grandparents or elderly loved ones to weddings in our specially modified vehicles accompanied by professional and qualified nurses to offer extra assistance if required.

We plan the assisted travel with the bride, groom or family to ensure the utmost care is taken for the loved one's travel, access to the venue and ongoing care throughout the celebration if required.

We can travel across Sydney, New South Wales and interstate.

Social Outings

Being socially active and participating in the community is vital for overall health and wellbeing.

Our patient transport service is available for shopping trips, lunch, dinner and other social outings.

Ask us about our ad hoc social outing 'stand by' rates if time slots become available.
